

FOR IMMEDIATE RELEASE

Cable Assembly Has Expanded

Whitsett, North Carolina - January 8, 2010 - Cable Assembly, LLC has outgrown their previous facility in Graham, NC and has moved to a much larger facility located at 6532 Judge Adams Road, Whitsett, NC. The move has allowed them to expand their production floor in order to satisfy a growing demand for their wire harnesses and electro-mechanical assemblies.

On February 4th 2010, Cable Assembly will be having their Open House along with a Ribbon Cutting Ceremony sponsored by the Greensboro Chamber of Commerce.

The company was founded in 1988 to provide wire harness assemblies to one of the largest manufacturers of school busses in the U.S. Since their inception, they have diversified to become a preferred supplier to many Fortune 500 Companies and today's industry leaders. Their diverse manufacturing capabilities along with being a **LEAN Enterprise** and **ISO 9001 Certified** company have made it possible for them to provide competitive and high quality products for virtually every industry.
